

## RELIEVE THE SYMPTOMS OF SCOURS THE WAY **NATURE** INTENDED!

Containing a unique blend of electrolytes, glucose, vitamins, kaolin, pectin and probiotics, **ELECTROCALF** is an oral rehydration formula that can be fed in conjunction with a normal milk diet.

**ELECTROCALF** reverses the process of dehydration, electrolyte loss and acidosis in scouring calves and saves the most valuable animals in your herd – your young calves!

Suppliers of Quality Animal Health and  
Dairy Herd Management Products
