Shell Branded Distributor

Auto Commodities

Cnr Barrat Road and Wright Street, Factoria, Krugersdorp | 011 955 4571

Contact *André Joubert* | andre@autocommodities.co.za

Auto Commodities (Pty) Ltd was founded by Mr Daan Joubert (Senior) in 1994 and has since then been a loyal customer of Shell.

In 2013 Auto Commodities was accredited as a Shell Branded Distributor for the global fuel provider, a partnership which is highly valued in a respected industry.

Auto Commodities has allocations throughout the country making it possible to supply petroleum products nationally.

The company has two inland storage facilities, in Krugersdorp (18 million litres) and Kimberley (14 million litres), allowing the company to be highly competitive. This also positions Auto Commodities to be able to offer a turn key solution to inland customers (resellers or the end user), on a delivered or own collection basis.
